**SECRETS TO BETTER GOLF™**

*It's not about golf mechanics, it's about golf energetics!*

## A REVOLUTIONARY Program for your Event

**PAR AND BEYOND** is the 1 ½-3 hour seminar based on the work of Dr. Jerry V. Teplitz. It is a revolutionary method which enhances the learning and performance process. Par and Beyond **does not teach** mechanics, so it will not conflict with other golf lessons - it will actually support them; bringing new levels of experience, success and enjoyment of the game.

**It is guaranteed to** help participants play their ultimate best by allowing them to implement what they will be taught from an energy standpoint. An increase in energy levels, focus, and ability to get into the "zone" and stay there, will be **just some** of the outcomes which will happen **immediately** after the Seminar.

## Next Round was My Life's Best!

I went to *Par and Beyond* to write about Dr. Teplitz' technique with a certain skepticism but soon realized everything he taught made sense. When I got home, my next round of golf was my life's best and now the techniques are part of every round I play!" **Tom J. Fox; Travel & Leisure Golf Magazine**

### LOWEST SCORE EVER!

"My golf coach, Ed Hipp, had shared with me your *Par & Beyond: Secrets to Better Golf*. Not long after this presentation, I had an opportunity to play golf, and to remember and utilize some of the information you share. I was amazed to score my lowest score ever!! - a full 7 **strokes off** my previous best score!!"

**Anne Moore; Chair**  
Golf Education & Player Development  
Hampton Roads Chapter - EWGA

### It Works!

"Within a week of attending **Par and Beyond**, my scores started dropping two to four strokes each round. I was finding that my drives were going longer and more in play than usual. Your program allows me to concentrate and focus like I've never done before. *It works.*

**Shep Hyken, St. Louis, MO**

### Sinking Unbelievable Putts!

"I avoided playing golf for the last 5 years because of the frustration and negative mental self-talk I experienced previously. After taking *Par and Beyond*, I was enjoying hitting the ball relatively straight and **sinking an unbelievable number of putts**. What is amazing is that the misses didn't upset me. I was having fun!"

**Guy Church, Grimsby, ON, CN**

### Amazing Results

"A dozen trips to the driving range could not do for my golf game what this session did."

**David Van Sickle, Ontario CN**

### ROAD MAP TO THE ZONE

"Everybody talks about **playing in the zone** but how do you get there? With what I have experienced I feel this program begins to bridge the gap from talking about playing in the **zone** to actually showing you the road map to get there. I am excited about incorporating more of the principles in my own game and also in my teaching"

**Jerry Reymond; Lead Instructor**  
Summit Golf Academy, FL

**EFFECTS ON A PRO-GOLFER: Randy Taylor had not won a tournament in 8 years. A week after taking *Par and Beyond* he placed 2nd in a tournament, coming within one stroke of a tie for 1st place!**
