"I received your DVD a second time, I played in a Pro-Am Tournament the next day, and I was able to apply the principles from the program I had my best round in months with my 1st hole in 1. The program hit was extremely solid resulting in longer and straighter drives. I was able to play in the zone, and I feel this DVD begins to bridge the gap between what I know and what I am doing. I am now playing in the zone to actually showing you the road map to get there."
